

Going Mobile at CHHS

Presented to the Cape Henlopen School District
Board of Education
April 10, 2014

Why go mobile?

- Internet usage on mobile devices will surpass usage on desktop computers in 2014.
- Our students are the generation beyond the Millennials or Generation Y; they are Generation AC.
 - Always Connected; Always Creating
- “Why” is not the question.
 - When? How?

What does it mean to go mobile in 2014?

- 1:1 mobile device
- Interactive, digital learning environment
- Being connected
- Creating content
- Making student technology use the norm, rather than an event

When? How?

- 2014-2015 school year
- 1:1 iPad for CHHS students and teachers

Now

- CHHS Technology Vanguard Team
 - Reviewing apps, learning management systems, instructional resources
 - Planning for instructional expectations, professional development, and support
 - Piloting, showcasing usage in classrooms
- CHHS and CHSD Technology Staff
 - Ensuring infrastructure: WiFi, bandwidth
 - Reviewing device management options

Timeline

- June Inservice Days:
 - Teacher iPad deployment and initial training
- Summer Professional Development:
 - ISTE Conference
 - Apple Camp
 - Cape Summer Institute (CSI)
- August Inservice Days:
 - Continued teacher training and launch

Timeline, cont.

- September - October:
 - Teacher use, including in-school use with students
 - Ongoing professional development in PLCs and staff meetings
 - Parent and community engagement
- November:
 - Student iPad deployment and orientation

Success Factors

- Mission and Vision
- Strategic Planning
- Deployment Planning
- Financing and Funding
- IT Considerations
- Engaging the Community
- Content and Instructional Practices
- Professional Development
- Measuring Success
